**GENERAL GUIDELINES REGARDING THE FORM AND CONTENT

COMMITTEE ON THE RIGHTS OF THE CHILD

GENERAL GUIDELINES REGARDING THE FORM AND CONTENT OF PERIODIC REPORTS TO BE SUBMITTED BY STATES PARTIES UNDER ARTICLE 44, PARAGRAPH 1 (b), OF THE CONVENTION

Adopted by the Committee at its thirty-ninth session on 3 June 2005

Introduction and purpose of reporting

1. These guidelines for periodic reports replace those adopted by the Committee at its thirteenth session on 11 October 1996 (CRC/C/58). The present guidelines do not affect any request the Committee may make under article 44, paragraph 4, of the Convention on the Rights of the Child for States parties to provide further information relevant to the implementation of the Convention.

2. These guidelines will cover all periodic reports submitted after 31 December 2005. The present guidelines include an overview of the purpose and organization of the report and the substantive information required under the Convention. Finally the annex provides more detail on the type of statistical data required by the Committee in accordance with the substantive provisions of the Convention.

3. The present guidelines group the articles of the Convention in clusters with a view to assisting States parties in the preparation of their reports. This approach reflects the holistic perspective on children's rights taken by the Convention: i.e. that they are indivisible and interrelated, and that equal importance should be attached to each and every right recognized therein.

4. The periodic report should provide the Committee with a basis for constructive dialogue with the State party about the implementation of the Convention and the enjoyment of human rights by children in the State party. Consequently, reports must strike a balance in describing the formal legal situation and the situation in practice. Therefore the Committee requests that for each cluster the State party provide information with regard to: follow-up, monitoring, resource allocation, statistical data and challenges to implementation, as stated in paragraph 5, below.

Section I: Organization of the report

5. ACCORDING TO ARTICLE 44, PARAGRAPH 3, OF THE CONVENTION, WHEN A STATE PARTY HAS SUBMITTED A COMPREHENSIVE INITIAL REPORT TO THE COMMITTEE OR HAS PREVIOUSLY PROVIDED DETAILED INFORMATION TO THE COMMITTEE, IT NEED NOT REPEAT SUCH INFORMATION IN ITS SUBSEQUENT REPORTS. IT SHOULD, HOWEVER, CLEARLY MAKE REFERENCE TO THE INFORMATION PREVIOUSLY TRANSMITTED AND INDICATE ANY CHANGES THAT HAVE OCCURRED DURING THE REPORTING PERIOD.

6. Information provided in States parties' reports on each cluster identified by the Committee should follow the present guidelines and in particular the annex, with regard to form and content. In this regard States parties should provide information for each cluster, or where appropriate for individual articles where relevant, on:

(a) *Follow-up*: The first paragraph on each cluster should systematically include information on concrete measures taken with regard to the concluding observations adopted by the Committee in relation to the previous report;

(b) *Comprehensive national programmes - monitoring*: The subsequent paragraphs should contain sufficient information to provide the Committee with a comprehensive understanding of the implementation of the Convention in the country concerned as well as the mechanisms established within the Government to monitor progress. States parties shall provide relevant information, including on the principal legislative, judicial, administrative or other measures in force or foreseen. This section should not be confined to merely listing measures adopted in the country in recent years, but should provide clear information on the goals and timetables of those measures and how they have had an impact on the actual economic, political and social realities and general conditions existing in the country;

(c) *Allocation of budgetary and other resources*: States parties shall provide information on the amount and percentage of the national budget (at central and local levels) devoted annually to children, including, where appropriate, the percentage of external financing (through donors, international financial institutions and private banking) of the national budget, with respect to relevant programmes under each cluster. In this regard, where appropriate, States parties should provide information on poverty reduction strategies and programmes and other factors which impact or may impact on the implementation of the Convention;

(d) *Statistical data*: States parties should provide, where appropriate, annual statistical data disaggregated by age/age group, gender, urban/rural area, membership of a minority and/or indigenous group, ethnicity, disability, religion, or other category as appropriate;

(e) *Factors and difficulties*: The last paragraph should describe any factors and difficulties, if any, affecting the fulfilment of the obligations of States parties' obligations for the cluster concerned, as well as information on the targets set for the future.

7. Reports should be accompanied by copies of the principal legislative texts and judicial decisions, as well as detailed disaggregated data, statistical information, indicators referred to therein and relevant research. The data should be disaggregated as described above and changes that have occurred since the previous report should be indicated. This material will be made available to the members of the Committee. It should be noted, however, that for reasons of economy, these documents will not be translated or reproduced for general distribution. It is therefore desirable that when a text is not actually quoted in or annexed to the report itself, the report should contain sufficient information to be clearly understood without reference to those texts.

8. The Committee requests that the report include a table of contents and numbered sequentially through to the end and that it be printed on A4-sized paper, in order to facilitate distribution of the report and thus its availability for consideration by the Committee.
